## Kent City Community Schools

### Implementation of an Integrated MTSS Framework

**Status:** ACTIVE

**Statement:** We will implement an integrated MTSS framework with fidelity across all schools with the district infrastructure necessary to support that framework resulting in increased achievement and decreased behavioral referrals.

**Created Date:** 06/21/2023

**Target Completion Date:** 07/01/2028

**Data Set Name:** MTSS (Academic/Non-Academic)

Name	Data Source
Installation Checklist & TFI by Building June 2023	MiMTSS Data System
District MTSS Capacity Data Set June 2023	MiMTSS Data System
M-STEP Change - District 21-22	Our School Data (Kent ISD)
Secondary Assessment Summary - District through 2022	Our School Data (Kent ISD)
BCBA Feedback - Shift to MTSS Coordinator	District Determined

**Data Story Name:** MTSS (Academic/Non-Academic)

**Initial Data Analysis:** Kent City is engaged installation phase of PBIS as part of our MTSS implementation process (SY 22-23). Our data is shows a need to strengthen the Tier 1 learning enviroment and then a continued need to build the remaining tiers of supports for students. Our plan includes building a tiered structure including academic, behavior, and social-emotional supports.

**Initial Initiative Inventory and Analysis:** Initial Initiative Inventory Link:

Updated 10.19.23

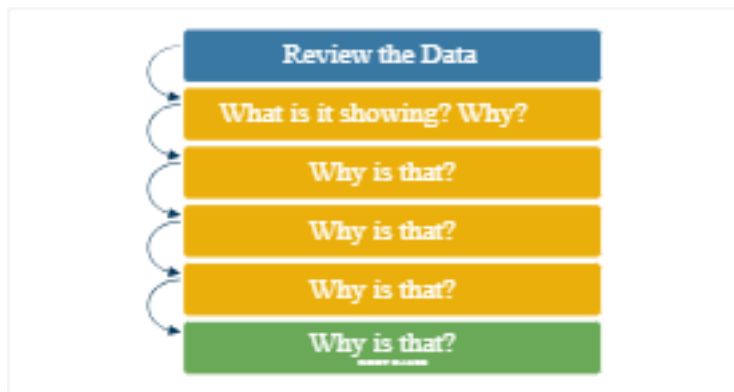

**Gap Analysis:** Current 2023 TFI: Tier I  
 Elementary Current 23, Goal 70+, Gap 47  
 High School Current 20, Goal 70+, Gap 50  
 Middle School Current 13, Goal 70+, Gap 57  
 DCA current is 46%, Goal 80+, Gap 34

*District Data Story Summary:* Scores for M-STEP vary across grade levels, with the highest percentage as 55.6% of students proficient in Math at 3rd grade.

10.2023 MDE Data indicates Kent City had 500 students qualify for additional funding from the 23g grant (Partially Proficient / Not Proficient on M-Step Spring 2023).

## Analysis:

### Root Cause

### Five Whys

- Why: Kent City Schools (elementary, middle school and high school) are experiencing high levels of behavior issues, many leading to in-school and out-of-school suspensions as well as decreased opportunities to perform at high academic levels.
- Why: There is a lack of systemic behavioral and academic supports, tier1, tier 2 and tier 3, as well as a lack of understanding of the need for a system approach.
- Why: Administration and staff lack training on a system for behavioral and academic supports.
- Why: Once MTSS is fully implemented (PBIS- TFI at or greater than 70%, R-TFI at or greater than 80%), then staff will be more consistent in teaching, acknowledging, and monitoring student behavior and academic growth..

*Challenge Statement:* If Kent City implements MTSS with fidelity, then behavior referrals will decrease and academic growth will increase.

**Strategies:**

(1/2): MTSS Framework (General)

Owner: Susan Brummel

Start Date: 06/21/2023

Due Date: 07/01/2028

**Summary:** "A Multi-Tiered System of Supports (MTSS) is a comprehensive framework comprised of a collection of research-based strategies designed to meet the individual needs and assets of the whole child at all achievement levels. MTSS intentionally interconnects the education, health, and human service systems in support of learners, schools, centers, and community outcomes. The five essential components of MTSS are inter-related and complementary. Implementation of the essential components as intended provides educational settings with a framework to organize the strategies and processes needed to support successful learner outcomes. The five essential components include the following: Team-Based Leadership; Tiered Delivery System; Selection and Implementation of Instruction, Interventions and Supports; Comprehensive Screening & Assessment System; Continuous Data-Based Decision Making."

**(2/2): 23g Career Pathways**

**Owner:** Susan Brummel

**Start Date:** 10/23/2023

**Due Date:** 09/30/2025

**Summary:** Career pathways to enable students to further their education, secure a job, and advance in employment. Career pathways blur the lines between high school, college, and career. Research shows that career related curricula or pathways demonstrated positive effects on preventing students from dropping out. Efforts might include career academies, dual enrollment, work-based learning, and career advising and navigation.
